Town of Brookline, MA
Public or Student Record Request Number:2025-0239
Requester: **Nathaniel Story**
Request Date:**Tuesday, June 17, 2025 8:00:00 AM**
Response Due Date:**Wednesday, July 2, 2025**

Dear Nathaniel Story :

We have received your Records request for Town of Brookline. This record is being assigned to appropriate department. The department reviewer will review the request and create an effort estimate to create the response.

For Public Records requests: You may be charged reasonable costs for copies (\$0.05 per page), as well as for personnel time needed to comply with your request (up to \$25/hr after 2 hours of time spent searching for, compiling, segregating, redacting and reproducing) a requested record. We will create a proposed cost estimate and will email such estimate to your attention. Once you approve the amount and send the payment, we will start working on your request.

In case the estimate is less than 2 hours, we will proceed to work on the response and will send you the response once the work is completed. Please note that state mandate allows us to complete and send the response within **10 business days**. We will do our due diligence towards this effort. However, the due date may be extended for any of the following reasons:

1. Any clarification that is required from you towards this request will stop the clock. The clock will be resumed once the proper clarification is received.
2. Payment of estimated effort – The clock will be stopped until we have received your payment if payment is required.
3. If in the opinion of the reviewer it is determined that original due date cannot be met despite reasonable effort, the due date shall be extended to 25 workdays. You will be promptly notified in such case with revised due date. The Public Schools of Brookline will petition the Supervisor of Records for a 20 workday extension to provide the records if the reviewer anticipates that more than 25 workdays response time is needed. In any case you will be notified.

Thank you.
