Yonatan,

Thank you for your thoughtful note, Angela and Hannah on my team can best speak regarding my availability for the below options but really looking forward to joining you (fingers crossed!).

As for the Governor's schedule, Jeevan should be able to track down the Governor's availability and report back. I appreciate your continued engagement on this and making it work around the Governor and my schedule.

Best,

e

Dear Secretary Paley,

I would like to reiterate what a pleasure it was to meet you, and how encouraged we are by the strong alignment you expressed with our vision and what we will be doing at ARC Boston.

I am writing to follow up regarding the event and ceremony we are planning to kick-off ARC Boston's opening and would like to coordinate with you and Governor Healey. While we initially discussed March 2nd during our in-person meeting, we subsequently realized that this would be a challenging week for Prof. Kreiss to travel from Tel Aviv. The prior week, February 23rd or 24th, would better accommodate his travel to Boston and also allow us to better align two additional ARC delegations to join us.

ARC has two delegations planning to visit Boston during that same week. The first is SPARC, ARC's global entrepreneurship program, which brings together clinicians from partner countries to develop them into frontline innovators. The second is a delegation from embARC, an early-stage fund and venture studio, which will be bringing its portfolio startups to Boston for a roadshow and to participate in the opening ceremony.

Please let us know whether February 23rd or 24th might work - or if there is another date that would work for you and the Governor. We would like to align scheduling as soon as possible to allow for event planning, and ensure that the other two visiting delegations will have adequate time to plan their travel.

We look forward to seeing you soon!

With appreciation,
Yonatan

Dear Eric,

It was our pleasure meeting you and discussing ARC, our MA soft landing pad initiative, and how it can promote economic development for the commonwealth.

We truly value your support, and the support of the broader administration, and look forward to working together in the coming years.

I especially wish to thank Jeevan for his continuous efforts and dedication to make this happen.

The ARC team, under the leadership of Eyal Zimlichman, and Yonatan Keschner locally, is focused now towards launching our first cohort and establishing our operations locally.

Regarding the launch event, after careful considerations, and discussion with our partners, it now looks that the preferred date would be either Feb 23 or 24, 2026.

It would be great if this could work for the Governor and for you.

Your presence and support on the launch event would be a true testimony to this partnership and friendship.

Best wishes and Shabat Shalom,

Yitshak

Dear Prof. Kreiss, Dr. Zimlichman, Dr. Keschner, and Consul General Sharoni,

Thank you for taking the time to brief me and Jeevan on the Sheba ARC Boston project and the going forward plans now that you've decided to establish ARC Global's headquarters in Boston. As I mentioned, Massachusetts is the global epicenter of the life sciences industry and, coupled with Sheba's presence and commitment to fundamentally transform healthcare, can only make both our ecosystems stronger. I am excited to take part in the ceremony on March 2, 2026.

We are committed to ensuring your success and I look forward to working with the Sheba ARC Boston team, its portfolio companies, the Mass. Life Sciences Center, the hospital networks, and others over the years to come.

Best wishes,

e

Dear Secretary Paley, Director Ramapriya,

I hope you and your family enjoyed a wonderful Thanksgiving.

I wanted to reach out personally and invite you to join us for a special moment—the inauguration of our new Consulate offices. After 42 years at Park Plaza, we finally made the move to a more spacious home at One Washington Street, right between City Hall and the Old State House. Our teams from Jerusalem have been putting the finishing touches on the space, and it already feels like a new beginning for all of us.

On **December 18th**, senior officials from the Ministry of Foreign Affairs will be visiting, and we plan to mark the occasion with the Mezuzah installation and a small toast together at the new offices.

It would truly mean a lot to me if you could join us that morning.

Please let me know if you think you'll be able to make it. A formal invitation will follow soon.

Warm regards,
Benny
