Hi Jeevan.

Heard you had a good trip to Israel. Sorry I was out of the country when you all visited Sheba. Would have been great to greet you personally.

Regarding these protests and our ongoing partnership with the State, Prof Kreiss asked me to set up a brief phone conversation with the Governor. Hopefully this can be accommodated for today or early next week.

What do you think?

Thanks so much.

SHEBA CONTRACT PROTEST: Massachusetts Peace Action and Alliance for Water Justice host a “die in” to protest Gov. Maura Healey’s plans to sign a contract with Israel’s Sheba Medical Center. Organizers say contracting with Sheba would allow Israel to present itself as invested in boosting delivery of health care services. Organizers are also calling on Healey to reject any involvement with the Israeli government, which they say has ruined Gaza’s health care system. Sheba Medical Center, the Middle East’s largest hospital located outside Tel Aviv, is planning to establish an “ARC Accelerator” facility in Greater Boston focused on digital and AI health care innovations. The accelerator is expected to open in January. Dr. Yishtak Kreiss, director general of Sheba, has noted the accelerator could be a tool for addressing antisemitism, which has spiked in Massachusetts in recent years. Dear Secretary Paley,

I would like to reiterate what a pleasure it was to meet you, and how encouraged we are by the strong alignment you expressed with our vision and what we will be doing at ARC Boston.

I am writing to follow up regarding the event and ceremony we are planning to kick-off ARC Boston's opening and would like to coordinate with you and Governor Healey. While we initially discussed March 2nd during our in-person meeting, we subsequently realized that this would be a challenging week for Prof. Kreiss to travel from Tel Aviv. The prior week, February 23rd or 24th, would better accommodate his travel to Boston and also allow us to better align two additional ARC delegations to join us.

ARC has two delegations planning to visit Boston during that same week. The first is SPARC, ARC's global entrepreneurship program, which brings together clinicians from partner countries to develop them into frontline innovators. The second is a delegation from embARC, an early-stage fund and venture studio, which will be bringing its portfolio startups to Boston for a roadshow and to participate in the opening ceremony.

Please let us know whether February 23rd or 24th might work - or if there is another date that would work for you and the Governor. We would like to align scheduling as soon as possible to allow for event planning, and ensure that the other two visiting delegations will have adequate time to plan their travel.

We look forward to seeing you soon!

With appreciation,
Yonatan

Dear Eric,

It was our pleasure meeting you and discussing ARC, our MA soft landing pad initiative, and how it can promote economic development for the commonwealth.

We truly value your support, and the support of the broader administration, and look forward to working together in the coming years.

I especially wish to thank Jeevan for his continuous efforts and dedication to make this happen.

The ARC team, under the leadership of Eyal Zimlichman, and Yonatan Keschner locally, is focused now towards launching our first cohort and establishing our operations locally.

Regarding the launch event, after careful considerations, and discussion with our partners, it now looks that the preferred date would be either Feb 23 or 24, 2026.

It would be great if this could work for the Governor and for you.

Your presence and support on the launch event would be a true testimony to this partnership and friendship.

Best wishes and Shabat Shalom,

Dear Prof. Kreiss, Dr. Zimlichman, Dr. Keschner, and Consul General Sharoni,

Thank you for taking the time to brief me and Jeevan on the Sheba ARC Boston project and the going forward plans now that you've decided to establish ARC Global's headquarters in Boston. As I mentioned, Massachusetts is the global epicenter of the life sciences industry and, coupled with Sheba's presence and commitment to fundamentally transform healthcare, can only make both our ecosystems stronger. I am excited to take part in the ceremony on March 2, 2026.

We are committed to ensuring your success and I look forward to working with the Sheba ARC Boston team, its portfolio companies, the Mass. Life Sciences Center, the hospital networks, and others over the years to come.

Best wishes,

Hi! Thanks for this. Definitely a typo in my first name on the ticket.

The surname is correct, but the first name is listed as “OEEVANADHARV” while it should be: “JEEVANADHAR V” - with a “J”; my middle initial is correct.

Can you fix it?

Dear Secretary Paley, Director Ramapriya,

I hope you and your family enjoyed a wonderful Thanksgiving.

I wanted to reach out personally and invite you to join us for a special moment—the inauguration of our new Consulate offices. After 42 years at Park Plaza, we finally made the move to a more spacious home at One Washington Street, right between City Hall and the Old State House. Our teams from Jerusalem have been putting the finishing touches on the space, and it already feels like a new beginning for all of us.

On **December 18th**, senior officials from the Ministry of Foreign Affairs will be visiting, and we plan to mark the occasion with the Mezuzah installation and a small toast together at the new offices.

It would truly mean a lot to me if you could join us that morning.

Please let me know if you think you'll be able to make it. A formal invitation will follow soon.

Warm regards,
Benny

Dear Delegation Members-

It was a pleasure to see you at this morning's Zoom call with Deputy Consul General Liron Finkelstein.

We will be emailing you your plane tickets soon. When you receive them **PLEASE ensure that your personal details are listed correctly, exactly as they appear in your passport.**

As you prepare for the upcoming delegation trip to Israel, I wanted to share a few important details, including the itinerary (attached), *which is still subject to change*.

General Travel Guidance

Israel is a culturally rich and informal country. This guide outlines attire suggestions, event details, and practical tips to ensure a respectful and comfortable visit.

Dress Code & Attire

Tours (Jerusalem, Tel Aviv, the South, etc.):

- Comfortable clothing suitable for walking is recommended in Tel Aviv and during most daytime tours.
- In Jerusalem and Yad Vashem, please avoid sleeveless tops, shorts, and short skirts out of respect for local customs.

Footwear:

- Comfortable walking shoes are strongly recommended for all tours.

Weather in Israel – December

In early December, Israel experiences mild, often rainy, winter weather that varies by region. Coastal areas like Tel Aviv will be mild with average highs in the 60's and lows around 55 degrees, while higher elevations like Jerusalem will be cooler, with average daily temperatures in the 50's. The southern parts will be warmer, and the northernmost areas like the Golan Heights can receive snow.

General tips

- **Pack layers:** Since temperatures can change, and it can be cold in some areas while remaining mild in others, pack layers to adapt to different conditions.

- **Bring rain gear:** December is a rainy month, especially in coastal and inland areas, so be prepared for showers.

Currency:

The local currency is the Israeli New Shekel (ILS); credit cards are widely accepted

- ATMs are available, notify your bank of international travel to avoid card blocks.

Electrical Adapters:

Israel uses plug types **C, H, and M**, with a standard voltage of **230V** and frequency of **50 Hz**.

- Travelers from North America will need a **plug adapter**, and possibly a **voltage converter** if their devices are not dual-voltage.

Mobile Phones:

- Please check with your mobile provider regarding international plans
- Free WiFi is widely available, and apps like WhatsApp, Signal, and FaceTime work well over WiFi for calls and messaging.

Ethics Disclosure

- **Trip Cost:** Approximately \$5,000 per person covering flights, lodging, meals, and local transportation..
- **Organizing Party:** Ministry of Foreign Affairs Sderot Yitshak Rabin 9 Jerusalem, 9195022 Israel

Hi Jeevan,
I hope you are doing well.

I'm following up on your conversation with Benny this week about XRHealth - a company focused on breakthrough technology in the rehabilitation and mental health fields.

We would be truly honored to introduce the company to you and Secretary Paley, and to arrange a tour at your own convenience.

Please let me know a time that works best for you and we will coordinate all the details.

Looking forward to hearing from you.

Best,
Hagay
