**Subject:** Show Your Support and Stand with Israel

Dear Friends,

I am writing this message during one of the most difficult times our country has ever faced, it is deeply personal challenge.

Since October 7, Israel has been under a brutal attack, as thousands of Israelis, including many of them civilians - elderly, toddlers, teens, men and women - have been murdered, raped, injured, and taken hostage during Hamas' attack. In the face of these adversities, we are taking immediate action to support the safety and welling-being of those in Israel.

During this critical moment, I find it essential to reach out to you and our community, which has consistently shown unwavering support for Israel through partnerships, business collaborations, and friendships. Throughout my time at the Israel Economic Mission, I've witnessed the pivotal role of interactions and meetings play in nurturing lasting business relationships and fostering innovative solutions to bridge the gaps within our ecosystem.

Rest assured that we are actively taking steps to assist in ensuring Israel's safety. As many have reached out to express their support, I wanted to share in this message that we welcome your involvement in any way that is suitable to you. We are happy to share resources and suggestions on ways to get involved. Your support is incredibly valuable during these challenging times. As a first step, if you haven't already, we encourage active engagement on social media, which can significantly impact public opinion, a matter of immense importance. Below you'll find additional ways to play a role and support us during this difficult time.

I would like to express my heartfelt gratitude to all of you for being there for us. This is a pivotal moment in Israel's history and having you in our corner truly makes a difference.

Anat Katz

Economic Minister to North America

## WAYS OUR MISSION SUPPORTS YOU

### The Israel Economic Mission is Here to Support Your Business

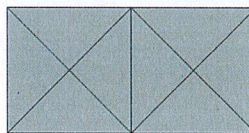

While our ability to actively host delegations, B2B meetings events, or participate in conferences is currently suspended, we remain available to offer personalized one-on-one services such as market information and direct connection to business opportunities. If you are interested in our service for business development, please reach out. This applies to the following, but not limited to:

- Israeli companies in Israel (please submit [ERM](#) inquiry form).
- Israeli company reps based in the States, please email [\*\*Abigail.Baker@israeltrade.gov.il\*\*](mailto:Abigail.Baker@israeltrade.gov.il)
- US contacts wishing to be connected with Israeli startups, please email [\*\*Sofie.Jaffe@israeltrade.gov.il\*\*](mailto:Sofie.Jaffe@israeltrade.gov.il).

We strive to continue our mission for economic prosperity with the US markets even during the markets of times such as these.

**Subject:** Show Up and Show Your Support!

Dear friends,

It's times like these when we realize that a community coming together to support each other is crucial, not only for building a stronger support system but also for sharing ideas, expressing deeper feelings, echoing our thoughts, amplifying our voices and mobilizing our community to raise awareness and demand justice and human rights. While our office continues to work with Israeli startups and companies in their efforts to penetrate the global market, even during these very challenging times, I would like to highlight some of the initiatives we are pursuing in partnership with amazing organizations and companies.

We are constantly uploading and sharing information on our [LinkedIn page](#). Please follow us and help us spread the word.

Anat Katz

Economic Minister to North America

## **WAYS YOU CAN SUPPORT ISRAEL**

### **SHOW UP AND SHOW YOUR SUPPORT!**

#### **Demanding Hamas to Release the Hundreds of Hostages Immediately.**

In our collective effort to demand the release of innocent hostages, communities are uniting. We are mobilizing our community to advocate for human rights and pray for the safe return of those desperately waiting for their loved ones to come back home, as we work to restore shattered lives.

Our mission is partnering with the Israeli-American Council (IAC) to assemble companies and organizations, raise funds, and illuminate Times Square with images that hold deep meaning in our hearts. So, will you join us, side by side, in raising our voices as 11 screens showcase the faces of those for whom we advocate and pray for a safe return?

**Every one of your participation matters!**

**October 19, Thursday, 6 PM**

## **Times Square (Duffy Square)**

**\*\*Entry point at Broadway Pedestrian Plaza, between 46 and 47 St.**

**\*\*Due to security concerns, no backpack will be allowed**

## **Standing with Israel and the Mobilization of the Israeli Innovation Ecosystem and Investors**

Anat Katz, the Economic Minister to the US, will be speaking at [Openpolicy TechWeekNYC](#) (October 19), where the event provides the local investor ecosystem with the opportunity to understand more about the current emergency situation as it continues to develop in Israel. It will also inform those interested in how to stay engaged and involved in economic support during this time. For more information, please contact [Sofie.Jaffe@israeltrade.gov.il](mailto:Sofie.Jaffe@israeltrade.gov.il).

## **IS-US DocAID**

### **Medical Volunteers in Israel**

October 14 was a truly heartwarming day as the first group of doctors flew to Israel, risking their lives to save those severely injured during the Hamas attack. This remarkable endeavor was made possible through the tremendous joint efforts of the "Israeli Doctors of America," a nonprofit organization that fosters collaboration among Israeli doctors and those with strong ties to Israel, and the Israel Economic Mission to the US - East Coast. The first group of doctors will be dispatched to Magen David Adom (MDA), Israel's National Emergency Pre-Hospital Medical and Blood Services Organization, which is currently providing lifesaving medical services to those injured in the war.

There is still time to get involved.

- Doctors, it is not too late to volunteer. Please sign up [US Doctors Volunteering to help Israel \(google.com\)](#)
- Israeli Healthcare systems and hospitals can sign up [Inquiry to IL Hospitals \(google.com\)](#)
